

Solway Bench and Picnic Table Fitting Instructions

Place bench or table on a level surface, use a spirit level to make sure the surface is level then use a measuring tape to make sure all legs are square and same distance apart.

Sit brackets in place against the legs and ground as showing in picture.

Screw the Solway brackets into the legs with stainless steel screws. Make sure all the legs are still square and then mark and drill the hole into the ground before fixing.

Warning

Fixing the furniture down on to an uneven surface may result in the furniture twisting
